WaterHog Floor Mat Design Guidelines

FREE Artwork Design
There are just a few things we need to know before we design your WaterHog Floor Mat.

Choose a Background Color
Choose a color from this product's **Color Palatte**. Colors marked with an * are only available in 3ft and 4ft widths. White should not be used as the background color or for large sections of the mat as it is difficult to keep the color clean.
Light background colors should also be avoided due to their tendency to show dirt.

Upload Your Logo
Upload a vector PDF file or high resolution image file (TIFF, JPG or PNG) of your logo. Vector files are ideal since they can be scaled to the correct size without losing image quality. If you don't have a vector file of your logo, please upload the best quality file that you have. Our designers will determine whether the file is suitable or if we need to recreate it. They will also convert to available colors if necessary. You will always receive a proof for approval before production.

Your Message
Add your Tag line or message. Also, tell us the font name or style and color you would like the text in. If you have a layout in mind, please describe how you would like to see it.

Refer to Sizing Chart for Exact Impint Area Dimensions
